Confirm Registration

Additional Information for USGS presenters. Please note:

Everyone who presents a paper, poster, or illustrated paper must submit an abstract. For your abstract to be accepted for publication, it must not exceed 250 words and must be submitted online **after you receive your email confirmation that your registration has been processed.** If you are in need of a PIN (to participate in a session with or without an abstract), that too can **only be obtained after your received your email confirmation that your registration has been processed.** To submit an abstract or activate your PIN, **you must log into the AAG website and follow the links to either submit and abstract or activate your PIN.**

Please allow one full business day for your registration to be processed and an email to be sent with your website login information. If you have logged into the AAG website before, your login information will remain the same.
